A PORTFOLIO OF NUDE STUDIES BY STAN GROSSMAN

RONALD

& JOE

"I knew it was going to be a great day the minute I awoke that fine spring day. Later, as I walked down the star studded sidewalk in Hollywood, my expectations soon became a reality.

"He stood there, lonely like in front of a tatoo parlor. He appeared to be a living example of the samples depicted in the store's window. All I could see was what was on his strong arms, but I knew there would be more . . . much more.

"It must have begun when I was a young Navy recruit. After boot camp, I was assigned to work with an old salt, commissary steward. I soon learned that he was covered with tatoos, even his cock had been made more colorful. He had me kneel in front of him for a closer look . . . and then it happened!

"I don't know if it was the big cock or the tatoos that turned me on that day. But, until I know for sure, I seek both whenever I can."
